SUMMARY

Ambitious and versatile individual eager to leverage acquired skills and knowledge in an entry-level IT role to deliver fresh perspectives and solutions to support growth and success.

EDUCATION

Bachelor of Science in Information Technology   *(2021 - 2025)*
Camarines Norte State College
- Best in Thesis
- GWA: 1.6

EXPERIENCE

Junior UI/UX and Creative Designer Intern - SWR Technologies   *(January 2025 - May 2025)*
- Designed key product pages for the company's internal product, "Projectflow" (distribution workflow pages, landing pages, navigation menu) for mobile and web screens and created 2 mobile app UI design challenges to master effective strategies, techniques, and a structured design process.
- Created social media visuals (image posts, carousels, videos) for the company's social media campaign aligned with the product requirements, features, goals, and objectives.
- Developed branding materials such as polo shirts, ID cards, and lanyards for internal use.
- Managed tasks using ClickUp and participated in daily stand-ups to share updates and stay on track with both individual tasks and team goals.

PROJECTS

MURPHY: An Interactive Mobile Game for Science 3
- Developed a 2D game that blends science lessons with storytelling and interactive puzzles.
- Designed assets, designed visuals, and built 7 mini-games aligned with curriculum goals; received Best in Capstone award.

Document Management System
- Built a document tracking system for an academic project, guided by interviews and requirements from San Vicente LGU staff.
- Created interactive UI prototypes, designed visuals, and developed key features like user access control and authentication.

Botanica
- Designed the UI and developed the mobile app connected to an Arduino-based plant care system.
- Added features for scheduled watering, manual controls, and automation using real-time sensor data.

Camarines Norte State College (CNSC) I-FIND
- Created a mobile app to help students and staff report, track, and claim lost items on campus.
- Handled the client-side development and designed the interface and visuals.
